

## Central Penn Business Truss – Ontelaunee Creek Bridge

“Your Bridge to Success” is Central Penn College’s tag line. In 2001, the Pennsylvania Department of General Services informed Central Penn College that they had the winning bid on the historic Ontelaunee Creek Bridge, a rare Henszey's wrought-iron bow string bridge.

*The Bridge in its new location.*

With the help of an \$89,000 Keystone grant, the bridge was restored and relocated to the campus of Central Penn College in Summerdale, Pennsylvania. The preserved pedestrian bridge is now a beautiful addition to their campus and truly a bridge to success. The college is now working with PennDOT again to purchase another bridge.
